Party Rent Group——我们营造氛围

People love sharing stories and personal experiences – events are exactly that. Events uniquely connect, inspire and amaze us. For over 25 years, Party Rent Group has provided the perfect setup for international events of all sorts and sizes as the event equipment provider of choice. And all of this is about much more than just putting out enough tables and chairs. It's about the atmosphere that is created; it's about the perfect interplay of concept and equipment.

What started in 1992 with 200 glasses and plates, 50 beer tent fixtures, 200 padded chairs and one big vision has now become an international event equipment provider supplying all kinds of events in all kinds of sizes. Outside of Germany, Party Rent Group is also active in France, the Netherlands, Luxembourg, Scandinavia, Austria and Switzerland.

The event equipment provider's portfolio includes everything needed for an event. Besides tables and chairs, this also includes decorations; lounge and bar furniture; barstools; china; cutlery; glasses; counter and buffet systems; serving, table and buffet accessories; stages and presenting equipment; kitchen equipment; and heating and cooling systems.

However, Party Rent Group's services also include much more than just supplying and delivering equipment. Party Rent helps its customers from the very beginning right through the event-planning process. Together with the event hosts, room concepts are developed for the event, with presentations visualised through CAD drawings and 3D renders. Experienced in-house staff can also
